Cumulative Impact Analysis Stakeholder Meeting

MassDEP has scheduled the next stakeholder meeting to seek input on developing new provisions for including cumulative impact analyses (CIA) in certain categories of air quality permits as required by "An Act Creating a Next Generation Roadmap for Massachusetts Climate Policy," which Governor Baker signed into law on March 26, 2021. The meeting will cover different types of cumulative impact analyses, evaluating risk versus impact, and different mapping tools and data sources that could be used.

MassDEP will hold identical video conference meetings to gather stakeholder input on the dates and times listed below. If you require language translation for either meeting, please contact Deneen.simpson@mass.gov by September 23rd. These video conferences will be recorded and made available on [MassDEP's YouTube channel](#). For additional information, including presentation slides, video recording of previous stakeholder meetings, how to sign up for the cumulative impact analysis stakeholder listserve, and other information, please visit [MassDEP's cumulative impact analysis webpage](#).

Tuesday, September 28, 2021 at 1:00 - 3:15 pm.
